

**LEYTON PUBLIC SCHOOLS  
BOARD OF EDUCATION POLICY #6009**

**Grade Placement and Academic Credits of Transfer Students**

Subject to a determination on grade placement based on the criteria set forth below, a student transferring from an accredited school generally will be placed at the grade level that is comparable to the placement in the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

**Elementary Level Students**

The appropriate level of placement for elementary level students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience
- Diagnostic test data
- Achievement test data
- Criterion-referenced test data

**Secondary Level Students**

The appropriate level of placement for secondary students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience and transcript
- Standardized achievement test data
- Criterion-referenced test data
- Final examination test data
- Diagnostic test data

The district will accept credits toward graduation that were awarded by an accredited school district and which, in the professional judgment of the administrative team, are sufficiently rigorous and comparable to the district's offered courses of study. A student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements in order to be awarded a diploma from the district.

Students who transfer from an exempt (home) school and/or a non-accredited school may be awarded credits to be counted toward high school graduation requirements at the discretion of the building principal in consultation with the

guidance counselor. The principal will consider all of the factors listed above and will also consider the student's performance on the district's internal benchmark tests.

The district Superintendent, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a foreign country.
