March 8, 2021 – 7:00 p.m.
High School Multi-Purpose Room in Dalton, NE

CALL TO ORDER:

President Suzy Ernest called the regular school board meeting to order at 7:00 p.m. The public was informed of the Open Meetings Act posted on the wall of the multi-purpose room. Publicized notice of the meeting was posted in the Sidney Sun-Telegraph, Leyton High School, Leyton Elementary/JH, at various businesses in the community, and on the www.leytonwarriors.org website on or before Wednesday, March 3, 2021. The Pledge of Allegiance was recited.

Members present: Ryan Borges, Lisa Carter, Suzy Ernest, Rol Rushman, Sam Schumacher, and Dave Wiedeman. Members absent: None. Also present were Interim Superintendent Chuck Bunner, Elementary/JH Principal Dana Morgan, HS Principal Nick Brost and Recording Secretary Janella Kruse. In addition, there were approximately forty-five visitors.

BUSINESS MEETING:

Moved by Borges, seconded by Rushman to approve the agenda as presented. Roll call vote: Yes: Carter, Ernest, Rushman, Schumacher, Wiedeman, and Borges. No: None. Motion carried 6-0.

Moved by Wiedeman, seconded by Schumacher to approve the minutes of the Board's regular meeting on February 8, 2021 and the Board Training on February 10, 2021. Roll call vote: Yes: Ernest, Rushman, Schumacher, Wiedeman, Borges, and Carter. No: None. Motion carried 6-0.

Moved by Borges, seconded by Carter to approve General Fund bills and financial reports as presented. Roll call vote: Yes: Rushman, Schumacher, Wiedeman, Borges, Carter, and Ernest. No: None. Motion carried 6-0.

Moved by Rushman, seconded by Borges to approve bills and financial reports from the remaining funds as presented. Roll call vote: Yes: Schumacher, Wiedeman, Borges, Carter, Ernest, and Rushman. No: None. Motion carried 6-0.

STUCO Vice-President Brenton Abbott presented his report to the Board. STUCO hosted the Corn Hole Tournament on February 20th with ten adult teams and three junior teams. He reported that the new water bottle filler station had been ordered and installed. STUCO is considering purchases for concession stand improvements and bucket hats for track.

Tara Houlden thanked Mr. Bunner and the School Board for holding a public comment period during this meeting; for allowing her to come and speak; and to the people in the Leyton School District for listening. She stated "that when you are in the role of public service, you are a trusted agent of all people for whom you work or whom you represent. You are obligated to act in a transparent manner fully, for any action you take can live in the light of public scrutiny. If you are a teacher or support staff, you must act equitably to provide a quality educational experience for all students in your charge. If you are an administrator, it is your charge to enable those teachers to act in that manner by providing them with the tools, resources, and support, but also to hold them accountable when they fall short. As a Board, it is your goal to support the administrators in that effort - despite personal relationships, personal histories - as you were all elected to represent all students and all families in the District." Ms. Houlden has followed the board minutes from the last year and was surprised and disappointed that details of the speakers during the public comment section were originally left out of the February minutes. She was thankful that they were later corrected. She stated that the decisions the Board makes affects real families and that she has been worried about those she cares about in the District.

Ashley Boman thanked the Board for allowing her to apply for the Board and interview. She was happy with the choices they made. However, she felt it was her obligation to let people know that she was

contacted by a board member prior to last month's meeting. Based on that conversation, she felt that she was being persuaded not to run, although it was stated several times that was not the case. She felt that this was morally wrong. Ms. Boman stated that the last two years has been nothing but negative in the press. Leyton used to be "top notch" and was the reason her family chose to move here. She is saddened that as a community we are not just failing ourselves, but also our teachers and students. The negative that is brought into our community is causing turmoil against us. She asked that we stop pointing fingers at one another and start helping each other.

Jennifer Eckhardt asked the Board when we can allow teachers and administrators to get back to actually educating our kids instead of responding to subpoenas and grievances.

Jim Ernest stated that the last two board election cycles, the voters have voted for change. He asked for people to stop pointing fingers at each other, to work together, to forgive each other, to pray for one another, and to pray for our school district.

Jed Benish expressed a personal concern on one of the complaints and how it affected his family. He also commented on the science room remodel bid from 2020.

Jesse Henderson had comments for the policy review section.

March Newsletter

The recent weather outbursts have certainly posed problems, not only for the school district, but the entire region. While it is not unexpected to have a spring snow storm the magnitude of the recent storm it does show how Mother Nature can still pack a wallop. One of the things that did occur to me was how much information can be gathered about impending storms and the havoc which can be caused. I can remember when a phone call would be made to Big Springs to see if the storm was working its way up the slope or calling Harrisburg to see if it was backing in from that direction. With that in mind I thought the patrons of the district might be interested in knowing the process the district goes through when determining whether there should be school or not. Nowadays everybody has access to several weather reporting sites. The district currently uses Accuweather, Weatherbug, NOAA and the National Weather Station based in Cheyenne. They provide us with a very good picture of what is happening, what is about to happen, and projections into the future. However, we still turn to the age old process which, for the most part, is the most meaningful. This being observations from the public. For example, as the storm developed across the district the principals and I were constantly in touch. Each of us were responsible for contacting the bus drivers for their opinions, administrators from other districts and patrons we felt were located in strategic places throughout the district. These patrons were able to help us determine the snowfall and moisture content in their areas, what the condition of the roads were, and how much more deterioration in the road conditions could be anticipated. This was really important with this storm as we soon found the western part of the district was receiving a lot more precipitation, whether it be snow or rain, than the eastern section. The bus drivers, in turn, contacted the parents on their routes to see what the weather was doing in their area and what the chances would be of meeting the parents at their designated spots. While getting this information we also found out that one of the county graders had to be pulled out of the ditch and that several of the roads were impassable. Not a good situation to put our kids in. Concern developed as to whether or not the roads would be passable the next day. Fortunately the sun came out and the temperature dropped allowing the roads to freeze.

Without a doubt it was an eye opener for me to see how everyone in the district was eager to help us, even to the point of driving on the roads to test them, in our efforts to make the decision to close school. A big shout and thank you goes out to each and everybody who made it possible to make the decision. While the final decision rested with me it was truly a district decision.

Thanks,

High School Principal/AD Newsletter

Dear Leyton Families,

We have made it to April. A year ago at this point we were all busy navigating through the new challenges of Covid-19 with virtual learning and our buildings closed, waiting to find out when we would be able to reopen schools and what school would look like when we were able to reopen. With the coronavirus and hospitalization rates dropping throughout the state, it appears as if we are on our way back to normal. The challenges encountered were difficult on everyone, I am happy to have our team of excellent administrators, teachers, students and community to support Leyton Public Schools throughout the pandemic. Across the country many schools have been operating virtually this entire school year and many of those are just now beginning to open back up to in-person learning. We are very fortunate to have been able to operate as close to normal as we have this school year and I am looking forward to Spring and our end of the year activities that we missed out on last year.

At Leyton, we have a great percentage of our students involved in extracurricular activities. While involvement in activities contributes to an increase in engagement, social connectedness and academic success involvement in activities also leads to more absences from school. It is important for students and parents to look ahead and prepare for planned absences to ensure grades are not negatively impacted by the additional time missed because of school activities.

As a reminder, students at Leyton will continue to receive free breakfast and lunch through our excellent food service program. The USDA has extended their free school meal program through the remainder of the 2020-2021 school year. It is important to remember, however, that while the meal is provided without charge, extra milk and/or seconds will be charged to student's account according to breakfast and lunch prices as posted in the student handbook.

As we all know, our spring weather is unpredictable and our schedules are subject to changes. For the most up to date activity schedule go to our school website, leytonwarriors.org.

Nick Brost

A Message from Mrs. Morgan

As we move into April and the last quarter of this school year, I just wanted to say thank you to all of our families for supporting our efforts to help keep our students in the classrooms. We 100% agree that in-person learning is what our students and staff benefit from the most. One of the most important things I would like you all to be aware of is our **Kindergarten Round-Up** happening on **April 9**. We will have two sessions, so please call Kathy in the office at 308-884-2247 to get your student's name in. She will let you know which time we need you to attend. The registration packets can be picked up in the office or accessed on the Leyton Warrior website and FaceBook page. If you have questions, please call us.

Our February Good Citizens are pictured here. Kindergarten Good Citizen-Judah Kepler 1st-Susen Serrato, 2nd-Brooks Frerichs, 3rd-Nora Jenson, 4th-Connor Rieken, 5th-Aubri Borges, 6th-Dominic Gallegos, 7th-Macey Roelle, 8th-Zaili Benish.

The weather really cooperated and we were able to enjoy our lunch outside on the picnic tables. The sunshine and conversation were wonderful!

Important dates to remember for April: We will have NSCAS and MAP testing this

month! April 2-5 is Easter Break and there will be no school. April 8-JH Track @ Pine Bluffs; April 9-Kindergarten Round-up; April 14-JH Track @ Potter-Dix(Kimball); April 21-JH Track @ Creek Valley (Chappell); April 26-JH Track @ Leyton HS; April 29-Safety Day @ Sidney~2nd & 3rd Grades; April 30-Professional Development`No Classes for Students

Our 3rd grade students completed their annual pop bottle projects and presented them to their families. They did an amazing job and those of us attending learned a lot about their selected people. Thanks to

Mrs. Murray for having her students complete this exciting research/presentation project every year.

As always if you need to reach me for any reason, please feel free to call the school at 308-884-2247 or email me at dana.morgan@leytonwarriors.org.

Eine Nachricht aus der deutsche Klasse

Hallo meine Damen und Herren,

Schönes Frühling! It continues to be an exciting time in German class here at Leyton. These twelve brave students have been rather successful in both learning the building blocks of the German language and in helping me create the curriculum for future classes.

Last quarter the students cooked their third meal: Schnitzel and German potatoes (a bit more of an Austrian tradition). It was the most successful I believe. The first time we gathered to bake Apfelstrudel and Blitzkuchen. Unfortunately the results were so-so. The second time we cooked, we made Knödel and tenderized beef steak. This was better, but still not satisfactory. I am hoping that at least the students can take some cultural aspect away from these kind of days.

I was very excited to have my students meet a colleague of mine from Franken, Bavaria this last quarter. My students and I zoomed with Dr. Ulrike and her husband Manfred in February. The couple housed me around this time last year when things shut down due to COVID-10. I asked whether they might be willing to share with the students not only some conversational time, but also their respective German dialects. Manfred is originally from northern Germany, and Ulrike is a native of Franconia; their dialects are quite different. This time gave the students insight on THREE different dialects, including the one we use in class (High/Standard German).

Looking ahead, I am planning on creating a German II course along with continuing German I. Prerequisite for the former is German I. German II will focus more on application of language through writing, reading, and more speaking. Students will still learn more vocabulary and language concepts.

Thanks for reading!

Freundliche Grüße!

2021 Leyton High School Quiz Bowl.

Leyton High Quiz Bowl at MAC: Front row: Chance Carter, Brenton Abbott, and Dawson Juelfs. Back row: Logan Bartling, Logan Craig, KJ Bush, and Gabe Tretter. Not Pictured: Cort Rummell.

The Leyton high school quiz bowl team got 3rd overall at MAC this year and almost made it to the final round. Previously they competed in the Bayard quiz bowl meet where Brenton and KJ made it to the “all tourney” team by being in the top 8 players individually. As a team Leyton competed well and had a lot of fun. Congratulations, and thank you team members for making this an enjoyable season.

Please return all overdue materials to the **LIBRARY** as soon as possible. Students with overdue books will not be allowed to check out until materials are returned or the cost of replacement is paid. Notes listing overdue books and replacement costs will be sent home with students soon.

We are asking that **ALL** library materials checked out to patrons are turned in by **May 7th** so that we may begin taking inventory. Thank you for your attention to this matter!
