Superintendent Notes; October 2021

Thank you to everyone who helped make Dalton Fall Festival a success. It was great to be able to have Homecoming 2021 the same week as Fall Festival. We had a great time with the parade and our student-athletes and coaches enjoyed the strong community support you all showed during the week! I'm so happy to see that our community was able to use the district facilities. We had a community church service in the gym, served meals in the multipurpose room, and had a cancer walk at the track. This is truly YOUR school...we are blessed to be able to share it with you!

You'll see a flyer in this month's newsletter regarding SNAP benefits. I know that, especially during a pandemic, there are some families that may have increased needs. Because the eligibility thresholds have changed, we wanted to make families aware of the new guidance. This is not a school program, but it is another way we can make sure students come to school ready to learn.

Finally, our Cognia External Review is scheduled for April 4-7, 2021. Mary Ann Hipp, a 44-year veteran educator from Lake Charles, Louisiana, will lead a team of educational professionals as they engage with our school district and our stakeholders to evaluate how we do things here at Leyton. This visit is the culmination of the 5-year accreditation review cycle required by the Nebraska Department of Education. We would love to have you participate in this exciting review process. If you are interested, please contact me at the school. I can be reached by calling 308-377-2301.

October 2021
High School Principal/AD Newsletter

Dear Leyton Families,

The beginning of school has come and gone, and we are already in October. It has been a great and welcoming year so far with many celebrations to discuss, and many ahead. Athletics are starting off very strong with our Cross Country team setting a monumental first year. Football season is underway and they have high expectations for their team. Volleyball is 'killing' it, with no pun intended. At school we are waiting to analyze our MAPS data to set short and long term goals for our students' academic growth.

In terms of safety, October 15th will be a very educational day for our staff and students. Deputy Martinez will be hosting, along with the State Troopers office a morning of learning about safety. We will start with an 9:30 a.m. assembly, then be led around to four different stations. 1) A roll over car, provided by the State Troopers office, 2) a seat belt demonstration where students will actually get to participate in what it feels like to be in a very light accident, 3) inebriation goggles, where students will feel what it's like to drive while under the influence, and 4) a presentation by Deputy Martinez about the reasons for safety. I look forward to working with the kids and making sure they understand why it is important to be safe.

A large, stylized blue handwritten signature.

A Message from Mrs. Morgan

Leyton Elementary/Junior High students and staff have been busy learning, testing, and taking advantage of all the one of a kind opportunities that Nebraska has to offer. As we move into some cooler weather, our 4th and 5th graders were able to spend a day at Flowerfield. Since the trip was not allowed last year because of COVID restrictions, our 5th graders had the opportunity to visit this year and experience this unique field trip. Our volunteers also dressed for the occasion as you can see from our pictures. Thank you to all the volunteers who accompanied our students and teachers. We appreciate you! Third grader, Luke Florke is also shown below selling his 4-H peppers from his dino pepper garden at the Old Settler Day Parade.

This month we will have our parent/teacher conferences. They will be held on Tuesday, October 12, from noon until 6:00 PM. A schedule will be coming

home. If you need to make changes, please reach out to your child's teacher. Other important days for October are: October 6, JH~VB/FB @ Morrill @ 2:00; October 9, JH~MAC VB @ Creek Valley @ 10:30; October 11, Fall Break ~ No Classes; October 12 ~ PTC; October 13, JH~VB/FB Home Vs. Banner County @ 2:00; October 15, End of 1st Quarter; October 20, JH ~ VB/FB Home Vs. Garden County @ 2:00; and October 29, JH ~ Wrestling @ Banner County.

A big thanks goes out to Sue Hyatt who brought flowers for our staff members. Our 8th grade StuCo members passed them out to every staff member in the building. It was a great way to celebrate all that our staff members do daily for our students. ❤️

As always, please reach out to me if there is ever anything I can do to help you or your child. Please email me at dana.morgan@leytonwarriors.org or call me at the school @ 308-884-2247. Have a GREAT October!

Dana Morgan 😊

Tips To Help Parents & Kids Spot Fake News & Decode Media Messages

Sponsored by Common Sense Education¹

With so much media and information coming at us through the television, phones, social media, and more, it's more important than ever for kids to understand the basics of media literacy. When tweens and teens can identify different types of news and media and the methods and meanings behind them, they're on their way to being critical thinkers and smart consumers.

1. Encourage healthy skepticism.

Help kids analyze the messages around them -- from Instagram posts to news headlines -- and question the purpose of the words and images they see. Teach kids how to use fact-checking tools like Snopes and FactCheck.org.

2. Play "spot the ad."

When you see advertising on TV or a billboard, ask students to figure out what the ad is selling. Sometimes it's obvious, and sometimes it's not. Help them explore why certain pictures, sounds, and words are used to sell certain products.

3. Explore different sides of a story.

Use real-life examples to help kids understand how people can view the same situation with totally different perspectives. Sibling conflict can be a great example of how two people can have wildly different opinions about the same event. Talk through controversial subjects and take turns arguing for different sides to help kids understand various viewpoints.

4. Play "should you share?"

Talk through the kind of content you and your family pass along to friends online. What types of things do you like to share? Do you always check to make sure something is true before you share it? How do emotions factor into your decisions to share things? Have you ever shared something and later found out it wasn't true?

5. Choose a variety of sources.

Show kids how you get news and information from different places, and explain how you make your choices. Ask them where they get their information and what tools they use to decide if something is credible, trustworthy, and fair. Explore a few partisan outlets together and talk about what you both notice. Discuss bias, satire, and clickbait.

Leyton Warriors Weight Gainers through the beginning of the PLT4M app. (PLT4M program began in the summer of 2018)

The students maxed out on bench press, leg squat, and power cleans. Not all the athletes had a chance to re-max on the 3 Olympic style lifts.

The gains that are seen are the 3 Olympic lifts combined together. (Bench press, Squat, & Hang cleans)

Every year the fourth grade gets the opportunity to step back in time to the year 1888 and experience what a day at school was like. This year the fifth graders got to join us, along with some of their parents. Throughout the day the students learned about the different punishments they had in school, the types of homes they lived in, the different daily chores they had, and so much more.
