A message Mr. McLaughlin: Elementary Principal and Superintendent

The school year is here and the kids and staff are officially back at it. No more going over the rules and procedures, we are REALLY back now. Really back means that the crayons are rounded on the top, the pencil biters have gnawed their way through a pencil or two by now, and kids have begun work in their most important year. That's what this year is to my kid and yours. It's the most important year for them, at least that's the way our teachers are going about it. We realize that time is short, and we have to make the most of every educational opportunity. I saw a shirt this summer that read "Time's tickin, start livin" and that became a driving force for me as we designed our back to school inservice for teachers. Many of our staff get one opportunity with your student(s) to make an impact and we are going to do just that.

I wanted to commend our students for their welcoming nature and positive attitudes. One thing I have learned from my time in education is that you can move mountains with students who are willing and able to accept feedback and have a positive attitude. When I walk through our hallways, I always see smiles, active listeners, and body language that reflects a desire to learn. Thank you to our families for sending us your best; from my perspective, you have all done a wonderful job.

The sports are back, Esports, Cross Country, Volleyball, Football and this year we will have a Warrior Zone! The student athletes are dedicated to being their best. I can't tell you how excited I was for our Cross Country team to place two runners in the top 20. Gabe got 10th place and Axi got 2nd place in their respective divisions. The volleyball game the other night was amazing with tons of energy from our fans. Very proud of the efforts of our coaches for all fall programs.

Finally I would like to encourage everyone in the Leyton school district to help us tell the story of the great things happening at Leyton. The culture that we want to set for our district is very important. We want our school to stand out as THE PLACE to be. Our hope is to use our website, social media and the general media to show off the great things we do at Leyton. I'm very proud to work here and have enjoyed working with your students and these amazing staff members during the first 6-8 weeks.

DO YOUR ADHD KIDS HAVE MESSY ROOMS?

Here's why:

People with ADHD have difficulty with executive functioning skills which are what enable us to plan, prioritize, manage our time, and get things done.

How parents can help:

- Prioritize tasks.
- Break it down to manageable tasks one at a time.
- Avoid multi-step directions.
- Use a chart.
- Apply easy to use systems in their rooms such as baskets for laundry and toys.
- Build in routines & repetition.
- Be patient.

Why it matters?

Helping your child become organized grows their self-esteem and functioning skills.

PARENT SURVEY:

A good school counseling program is based on the assessing the needs of the district. Please help me reach this goal by completing this short parent survey.

Type this link into a web browser on any electronic device and the results will be sent to the school counselor.
